

# CONCIERGE & AREA ATTRACTIONS

## CONCIERGE

The concierge staff at the Roosevelt New Orleans is eager to make your trip as enjoyable as possible. Experience **True Waldorf Service**, an extension of the legendary personal service principles that were first born at the flagship Waldorf Astoria property in New York in 1930. Whether you're looking for places to see and things to do, need transportation or reservations, or searching to find the perfect restaurant for a special date, you can count on our concierge to facilitate for you. Before, during, and after your stay, concierges are finding new ways to personalize your experience.

## AREA ATTRACTIONS

The Roosevelt stands in the same place it has for more than 100 years, at the heart of the history, cuisine, entertainment, and culture that makes New Orleans famous. Just past the hotel's magnificent brass doors are the narrow streets and old-world charm of the French Quarter. Stroll along the shop-lined sidewalks of Royal Street. Immerse yourself in the constant buzz of activity at Jackson Square. Let your ears take you from one club to the next as you soak in a wealth of musical stylings at Preservation Hall or on Frenchman Street.

With the St. Charles and Canal streetcar lines within a few blocks of The Roosevelt, the rest of New Orleans is just a few stops away. Walk amongst the centuries-old live oaks of City Park, or marvel at the majestic homes of the historic Garden District. When you stay at The Roosevelt, all of New Orleans is yours to explore.
