

**AMERICAN SHOULDER AND ELBOW SURGEONS
SPECIALTY DAY MEETING
McCORMICK PLACE, ROOM S105
SATURDAY, MARCH 26, 2022, 7:55 AM – 3:05 PM
CHICAGO, ILLINOIS**

Presenters will be listed in **bold**.

7:55 am Welcome and Opening Remarks
Mark A. Frankle, President, 2020-2021
Randall J. Otto, MD, Program Co-Chair
Matthew Teusink, MD, Program Co-Chair

8:00 – 8:30 am

Symposium I: Infection: Periprosthetic Infections

Moderators: Joseph Iannotti, MD, PhD & Jason Hsu, MD

8:00 am Current Algorithm for Diagnosis
Grant E. Garrigues, MD

8:05 am Usefulness of Arthroscopy in Diagnosis
Joseph A. Abboud, MD

8:10 am Single Stage Revision is the Way to Go
Derek J. Cuff, MD

8:15 am Two Stage Revision is the Best Option
Eric T. Ricchetti, MD

8:20 am Discussion

8:30 – 9:15 am

Paper Session I: Rotator Cuff

Moderators: Stephanie J. Muh, MD & William N. Levine, MD

Paper #1

8:30 am Outcome of the Parachute Procedure for the Management of Massive Irreparable Anterior-Superior-Posterior Rotator Cuff Tears
Bassem Elhassan, MD Khang Dang, Chelsea Harstad, Tiffany Huynh,

Paper #2

8:35 am Time from Symptom Onset to Surgery Does Not Affect Clinical Outcomes or Reoperation Rates Following Surgery for Degenerative Rotator Cuff Tears: A Retrospective Cohort Study
Robin Dunn, MD, Logan Finger, BS, Albert Lin, MD,

Paper #3

8:40 am Do Pre-Op Corticosteroid Injections Increase Infections, Re-ruptures and Revisions in Primary Arthroscopic Rotator Cuff Repair?

Kevin D. Plancher, MD, MPH, Grace Plassche, Karen Briggs, MPH, Stephanie C. Petterson, MPT, PhD.

8:50 am Discussion

9:15 am Break

9:30 – 10:15 am

Symposium II: B2Glenoid Cased Based Presentation

Moderators: Andrew Jawa, MD & T. Bradley Edwards, MD

Expert Panel: Samer Hasan, Md, PhD, Jay Keener, MD, Gerald R. Williams, Jr., MD, Patrick St. Pierre, MD

10:15 – 10:35 am

Paper Session II: Instability

Moderators: Matthew T. Provencher, MD & Anthony A. Romeo, MD

Paper #4

10:15 am Biomechanical Analysis of Anterior Stability After 15% Glenoid Bone Loss - Comparison of Latarjet, Longhead biceps transfer, and Bankart Repair
*Allen D Nicholson, MD, **Edward G Carey, MD**, Joshua I Mathew, BS, Sridhar Pinnamaneni, MD, Amirhossein Jahandar, PhD, Andreas Kontaxis, PhD, David M Dines, MD, Joshua S Dines, MD, Theodore A Blaine, MD, Michael C Fu, MD, Scott A Rodeo, MD, Russell F Warren, MD, Lawrence V Gulotta, MD, Samuel A. Taylor, MD*

Paper #5

10:20 am Variability of Glenoid Labral Tear Patterns: A Study of 280 Sequential Surgical Cases
*Xavier A. Duralde, MD, James S. Kercher, **Mikhail Alexeev, MD**, Yelena Levina*

Paper #6

10:25 am 5-Year Outcomes Following Arthroscopic Superior-Labrum Anterior-Posterior Repairs
*Eoghan T. Hurley, Edward S. Mojica, Christopher A. Colasanti, Danielle H. Markus, Nathan A. Lorentz, **Laith Jazrawi, MD***

10:30 am Discussion

10:35 – 11:00 am

How-To Videos I: Arthroplasty

Moderators: Greg P. Nicholson, MD

10:35 am Subscapularis sparing TSA
Mark A. Mighell, MD

10:44 am Proximal Humerus Allograft in RSA
Grant E. Garrigues, MD

10:53 am Discussion

11:00 – 11:45 am

Symposium III: Elbow Arthritis Case Based Presentations

Moderators: Ken Yamaguchi, MD, MBA & Mark E. Morrey, MD

Expert Panel: Felix H. (Buddy) Savoie, III, MD, Joaquin Sanchez – Sotelo, MD, PhD, Shawn W. O’Driscoll, PhD, MD

11:45 am - 12:05 pm

Paper Session III: Arthroplasty

Moderators: Charles M. Jobin, MD & J. Michael Wiater, MD

Paper #7

11:45 am Variability and Reliability of Glenoid Version Measurements Using 3-Dimensional Preoperative Planning Software
*Jared Reid, Bryce Kunkle, Alexander Greene, Josef K. Eichinger, **Richard Friedman, MD, FRCSC***

Paper #8

11:50 am Anatomic Factors Predicting Functional Internal Rotation Following Reverse Total Shoulder Arthroplasty
Philippe Collin, MD

Paper #9

11:55 am Trends in Shoulder Arthroplasty during the COVID-19 era: Increased Proportion of Outpatient Cases with No increase in 90-day Complications or Readmissions
*Abhijit Seetharam, MD, Ruben Prado, BS, Priyanka Ghosh, BS, **Brian Badman, MD***

12:00 pm Discussion

Neer Award Presentation

12:05 pm **Neer Award and Health Care Award Presentation**
Mark A. Frankle, MD

12:15 pm **Lunch Break**

12:45 **Charles Rockwood, MD Tribute**
Gerald Williams, MD

12:50 – 1:25 pm

Symposium IV: “Classic” 20 Year Reverse Arthroplasty

Moderators: Jon Levy

12:50 pm Reverse shoulder arthroplasty in younger active patients – how can we reduce complications to achieve good long-term results?
Christian Gerber, MD

1:00 pm How can we reduce long-term humeral loosening in reverse shoulder arthroplasty?
Pascal Boileau, MD

1:10 pm How to achieve adequate baseplate fixation in the setting of severe glenoid bone loss in reverse shoulder arthroplasty?
Mark A. Frankle, MD

1:20 pm Panel Discussion and Questions

1:25 – 1:45 pm

Paper Session IV: Elbow

Moderators: Dane Salazar & Anand M. Murthi, MD

Paper #10

1:25 pm Predicting Elbow Motion Following Arthroscopic Osteocapsular Arthroplasty
Jorge Rojas Lievano, MD, MSc, Dani Rotman, Jae-Man Kwak, Jennifer Tangtiphaiboontana, Shawn O'Driscoll

Paper #11

1:30 pm Biomechanical Comparison of Anatomic Restoration of the Ulnar Footprint Versus Traditional Ulnar Tunnels in Ulnar Collateral Ligament Reconstruction
Edward S. Chang, MD, Anthony H. Le, Donald F. Colantonio, Austin M. Looney, William B. Roach, Desraj M. Clark, Donald R. Fredericks Jr., Sameer Nagda, MD, Sarah Nelson, MD

Paper #12

1:35 pm Radial head lag: A possible biomechanical mechanism for osteochondritis dissecans of the capitellum in baseball players
Dani Routman MD, Jae-man Kwak, MD, Jorge Rojas Lievano, MD, Alexander Hooke, MA, Christopher L. Camp, MD, James S. Fitzsimmons, Shawn W. O'Driscoll, PhD, MD.

1:40 pm Discussion

1:45 – 2:10 pm

How-To Videos II: Complex Shoulder

Moderators: Brian Cole

1:45 pm Arthroscopic Latarjet
Pascal Boileau, MD

1:55 pm Lower Trapezius Transfer
Elhassan Bassam, MD

2:05 pm Discussion

2:10 – 2:45 pm

Symposium V: Sports: Rotator Based Presentations

Moderators: Brian R. Wolf, MD, MS & Xavier A. Duralde, MD

Expert Panel: John "Jed" Kuhn, MD, MS, Joseph A. Abboud, MD, Leesa M. Galatz, MD, John D. Kelly, IV, MD

2:45 – 3:05 pm

Paper Session V: Miscellaneous

Moderators: Aaron M. Chamberlain, MD & Robert Z. Tashjian, MD

Paper #13

2:45 pm Is There a Threshold of Preoperative Function that Predicts Failure to Achieve Meaningful Improvement After Shoulder Arthroplasty?
*John R. Martin, Haroon Kisana, Michael D. McKee, **Michael H. Amini, MD***

Paper #14

2:50 pm Off-Label use of Reverse Arthroplasty: The American Academy of Orthopedic Surgeons Shoulder and Elbow Registry
***John E. Kuhn, MD**, Stephen C. Weber, MD, Patrick St. Pierre, MD, Stephen F. Brockmeier, MD, Grant Garrigues, MD, Joachim Sanchez-Sotelo, MD, PhD, Gerald R. Williams, MD,*

Paper #15

2:55 pm High Prevalence of Early Stress Shielding in Stemless Arthroplasty
***Ian D. Engler**, Paul Anthony Hart, Saniel Swanson, Jacob M. Kirsch, Jordan P. Murphy, Melissa A. Wright, Anand Murthi, Andrew Jawa*

3:00 pm Discussion

3:05 pm Adjourn
